Auditors' Report

To the Board of Directors of Mount Sinai Hospital Foundation of Toronto

We have audited the balance sheet of **Mount Sinai Hospital Foundation of Toronto** as at March 31, 2008 and the statement of revenue and expenses and changes in fund balances for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2008 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Mount Sinai Hospital Foundation of Toronto

Notes to Financial Statements

March 31, 2008

1 PURPOSE OF THE ORGANIZATION

The Mount Sinai Hospital Foundation of Toronto (the “Foundation”) is incorporated under the laws of Ontario as a corporation without share capital. The Foundation receives, accumulates and distributes funds and/or the income therefrom for the advancement of medical research, education and improvement of patient care at Mount Sinai Hospital (“the Hospital”).

The Foundation is a public foundation registered under the Income Tax Act (Canada) (the “Act”) and, as such, is exempt from income taxes and able to issue donation receipts for income tax purposes under Registration Number 11904 8106 RR0001. In order to maintain its status as a public foundation, registered under the Act, the Foundation must meet certain requirements within the Act. In the opinion of management, these requirements have been met.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Foundation have been prepared in accordance with Canadian generally accepted accounting principles. The following summary of significant accounting policies is set forth to facilitate the understanding of these financial statements.

Fund accounting

The Foundation follows the restricted fund method of accounting for contributions. The Foundation ensures, as part of its fiduciary responsibilities, that all funds received with a restricted purpose are expended for the purpose for which they were provided.

For financial reporting purposes, the accounts have been classified into the following funds:

a) General Fund

The General Fund accounts for the Foundation’s general fundraising, granting and administrative activities. The General Fund reports unrestricted resources available for immediate purposes.

b) Restricted Fund

The Restricted Fund includes those funds where resources are to be used for an identified purpose as specified by the donor, as stipulated by the fundraising appeal or as determined by the Board.

c) Endowment Fund

The Endowment Fund includes those funds where either donor or internal restrictions require that the principal be maintained by the Foundation for a specified period of time.

Mount Sinai Hospital Foundation of Toronto

Notes to Financial Statements

March 31, 2008

Investments

Investments, including investments denominated in US dollars, are recorded at market value. Unrealized gains or losses in the value of the investments are recorded in the statement of revenue and expenses and changes in fund balances.

Revenue recognition

Unrestricted contributions are recognized as revenue of the General Fund in the year received. Donor restricted contributions for specific purposes are recognized as revenue of the Restricted Fund unless the capital is to be maintained permanently in which case the contributions are recognized as revenue of the Endowment Fund.

Revenue from investments represents interest, dividends and realized gains and losses, net of safekeeping and investment counsel and other investment expenses. Investment income earned on Endowment Fund resources is recognized as revenue of the Endowment Fund. Investment income earned on Restricted Fund and General Fund resources are recognized as revenue of the respective funds.

Contributed goods and services

Contributed goods and services are not recognized in the financial statements.

Capital assets

Purchased capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the estimated useful lives of the assets as follows:

Leasehold improvements	10 years
Office equipment	10 years
Computer hardware and software	3 years

Forward foreign currency contracts

The Foundation may enter into forward foreign currency contracts for hedging purposes where such activity is consistent with its investment objectives. This can include the hedging of all or a portion of the currency exposure of an existing investment or group of investments. A forward currency contract is a commitment to purchase or sell a foreign currency at a future date at a negotiated forward rate.

The value of a forward foreign currency contract on any valuation day is the gain or loss that would be realized if the contract were closed out or delivered on the valuation day. Fluctuations in the value of a forward foreign currency contract are recorded as investments in the balance sheet and are included in the net change in unrealized gain on forward foreign currency contract in the statement of revenue and expenses and changes in fund balances.

The Foundation has historically used foreign currency contracts to neutralize the impact of foreign currency fluctuations on a portion of its US dollar denominated investment portfolio. The notional amount of the contract at year-end is \$3,750,000 and will be settled on May 1, 2008 at a rate of 1.0964.

Mount Sinai Hospital Foundation of Toronto

Notes to Financial Statements

March 31, 2008

Deferred leasehold inducements

Leasehold inducements received in respect of leased office space occupied by the Foundation have been deferred. Amortization is provided on a straight-line basis over the estimated useful life.

Leasehold inducements are included in accounts payable and accrued liabilities.

Statement of cash flows

A separate statement of cash flows has not been presented since cash flows from operating, investing and financing activities are readily apparent from the other financial statements.

Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

New accounting pronouncements

- Adoption of Section 1506, Accounting Changes

On April 1, 2007, the Foundation adopted Section 1506, Accounting Changes, of The Canadian Institute of Chartered Accountants (CICA) Handbook, which prescribes the criteria for changing accounting policies, together with the accounting treatment and disclosure of changes in accounting policies, changes in accounting estimates and the correction of errors. This standard did not affect the Foundation's financial position or results of operations.

Recent Canadian accounting pronouncements issued and not yet adopted

- Section 1535, Capital Disclosures

The new Section 1535, Capital Disclosures, requires that an entity disclose information that enables users of its financial statements to evaluate an entity's objectives, policies and processes for managing capital, including disclosures of any externally imposed capital requirements and the consequences of non-compliance. The new standard applies to financial statements relating to fiscal years beginning on or after October 1, 2007, specifically April 1, 2008 for the Foundation.

This standard will impact the disclosures provided by the Foundation but will not affect its financial position or results of operations.

Mount Sinai Hospital Foundation of Toronto

Notes to Financial Statements

March 31, 2008

- Sections 3862 and 3863, Financial Instruments

The new Sections 3862 and 3863 replace CICA Handbook Section 3860, Financial Instruments - Disclosure and Presentation, revising and enhancing its disclosure requirements, and carrying forward unchanged its presentation requirements. These new sections place increased emphasis on disclosures about the nature and extent of risks arising from financial instruments and how the entity manages those risks. The new standards apply to financial statements relating to fiscal years beginning on or after October 1, 2007, specifically April 1, 2008 for the Foundation.

These standards will impact the disclosures provided by the Foundation but will not affect its financial position or results of operations.

- Sections 3251 and 3865

For financial statements relating to fiscal years beginning on or after October 1, 2007, specifically April 1, 2008 for the Foundation, the Foundation will adopt the following CICA Handbook sections:

- Section 3251, Equity, establishes standards for the presentation of equity and changes in equity.
- For fiscal year March 31, 2006, the Foundation has adopted 3855, Financial Instruments - Recognition and Measurement, which establishes standards for recognizing and measuring financial assets and financial liabilities, including non-financial derivatives.
- Section 3865, Hedges

Expands the guidelines found in Accounting Guideline 13, Hedging Relationships, and describes when and how hedge accounting can be applied as well as the disclosure requirements.

This standard will impact the disclosures provided by the Foundation but will not affect its financial position or results of operations.

3 INVESTMENTS

	2008	2007
	\$	\$
Cash and short-term investments	8,393,786	13,086,629

	<u>15,821,700</u>	<u>19,316,137</u>

Mount Sinai Hospital provides certain services to the Foundation and pays certain expenses on behalf of the Foundation. The Foundation reimburses Mount Sinai Hospital for all direct costs associated with the services provided and expenses paid. Administrative expenses include a charge of \$169,254 (2007 - \$108,436) paid to Mount Sinai Hospital for office space occupied by the Foundation.

6 FUNDS HELD UNDER ADMINISTRATION

The Foundation administers investments on behalf of the Hospital departments. These funds are included in investments on the balance sheet and are managed as part of the investment portfolio as a whole.

7 EVENTS

During the year, the Foundation generated gross revenue from events of \$2,810,083 (2007 - \$2,270,504) and incurred expenses of \$811,913 (2007 - \$393,850). The net revenue of \$1,998,170 (2007 - \$1,876,654) is included in the statement of revenue and expenses and changes in fund balances.

8 GRANTS

Invested in capital assets	288,982	327,327
	<u>(9,419,908)</u>	<u>(9,719,908)</u>

Mount Sinai Hospital Foundation of Toronto

Notes to Financial Statements

March 31, 2008

The General Fund unrestricted deficiency has arisen as a result of a shortfall of unrestricted funds in prior years available to satisfy the Foundation's grant obligations to the Samuel Lunenfeld Research Institute.

As reported in note 11, the General Fund does not reflect pledges receivable.

10 ENDOWMENT FUND

The Endowment Fund consists of externally restricted contributions received by the Foundation where the endowment principal is required to be maintained intact. The Endowment Fund also includes internal resources transferred by the Board to the Endowment Fund, with the intention that the principal be maintained intact.

In addition, from time to time the Foundation may enter into arrangements whereby it is required to match amounts donated on a best efforts basis over an unspecified period. At March 31, 2008, there was \$366,796 (2007 - \$484,280) of such amounts yet to be funded.

The investment income generated from assets held for endowment purposes must be used in accordance with the various purposes established by the donor or the Board.

Major categories of restrictions on fund balances are as follows:

	2008	2007
	\$	\$
Endowments, the income from which must be used for research purposes	26,924,011	28,700,660
Endowments, the income from which must be used for other restricted purposes	21,702,810	21,334,116
	<hr/>	<hr/>
Funds restricted for research endowed by the Board	48,626,821	50,034,776
Investment gain (including unrealized gains and losses) recorded in the Endowment Fund	1,438,496	1,464,285
	<hr/>	<hr/>
	2,569,021	3,861,800
	<hr/>	<hr/>
	52,634,338	55,360,861
	<hr/>	<hr/>

11 PLEDGES RECEIVABLE

The Foundation records pledge revenue as it is received. At the end of the fiscal year, pledges receivable by the Foundation are as follows:

	\$
2008/2009	25,138,188
2009/2010	17,791,279
2010/2011	15,647,564
2011/2012	10,990,439
2012 and thereafter	56,167,882
	<hr/>
	125,735,352
	<hr/>

Mount Sinai Hospital Foundation of Toronto

Notes to Financial Statements

March 31, 2008

12 FINANCIAL ASSETS AND LIABILITIES

The Foundation's financial instruments are included in the balance sheet and are comprised of cash, accounts receivable and prepaid expenses, investments, accounts payable and accrued liabilities. The fair values of these instruments approximate their carrying amounts due to the short-term maturity of these instruments.

During the year, the Foundation entered into a forward foreign currency contract to sell US\$3,750,000 for a Canadian equivalent of \$4,111,500 on April 30, 2008. The fair value of the contract as at March 31, 2008 was \$259,546.

13 ENTITLEMENTS

The Foundation is the income beneficiary of an estate, which is administered by a major Canadian trust company. The market value of the Foundation's portion of the estate as of March 31, 2008 is \$4,960,720 (2007 - \$5,294,088), which represents a 30% share in the estate. The income included in the bequests, donations and contributions for the year ended March 31, 2008 is \$203,700 (2007 - \$181,500).

14 COMMITMENTS

In 2006, Mount Sinai Hospital entered into a contract to lease office space for annual rental commitments of \$125,000 for a term of ten years. The leased space is occupied by the Foundation, which reimburses the Hospital for the costs incurred in respect of the lease on a month-to-month basis.
